

WAFULA MUKHONE PROFILE

I wafula Mukhone Mathias joined Nairobi university Kabete campus in September 1983, after A 'level from St. Paul's Amukura high school in 1981. I did Bsc. General Agriculture and graduated in December 1986. After completing my course I was employed with the Ministry of agriculture where I have served in various capacities as follows :-

Post	District	YEAR
District Farm management officer	Keiyo Marakwet	1986- 1988
District crops officer	Keiyo Marakwet	1988-1991
AID fertilizer officer	KILIMO house HQ.	1991-1992
District Farm management officer	Busia	1992-1999
Principal Farmers training centre	Busia ATC	1999-2001
District Agricultural officer	Kitui south	2007- 2009
Research extension and liaison officer	Western province	2009- 2012
Deputy Principal Kenya school of Agriculture	National Government	2012- to date

After working for a period of 26 years I decided to per sue a Master's degree in crop protection from the same Nairobi university; Kabete campus in the year 2012 to complete in the year 2015. The challenge to per sue a Master's degree in crop protection was to be able to meet the farmers challenge in crop protection with the upsurge of pests and diseases resistant to pesticides.

2010 – Demonstrating to field extension officers on sterilizing greenhouse and compost making

RELO western province 2010
